

*A powerful woman, Miss Bennis is,
As tough as a cross-country journey is
As a weight-lifting rally
She capped her finale
By giving herself double hernias*

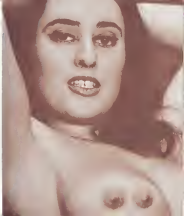

*One of yesterday's discotheque rages
Did nursing Watson for wages
Her boss had to remove her
'Cause she couldn't measure
Her triple E cups in B cups.*

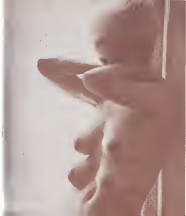

*To pet with this gal without knowing
Her pectorals' strange way of growing,
Might cause one to think
As she's brought to the brink
That she's coming when she's really going*

The grooves to which she was attaching
Cereal little has made was un-matching
No just and "Get white,
Whatever it is,
I seriously hope it's not crickling!"

*This strip-poker player named Krass,
Got hot after losing her brass
Her back started burning
When she started learning
How two pair can beat a full house*

If you enjoyed the pleasure of TREASURE
CHESTS, you'll be glad to know that it's now
available as a calendar for 1992. It's an even bigger
surprise, and it's been searched for many longings.

Get your backup at your local book or card store.

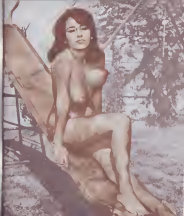

Treasure Chests

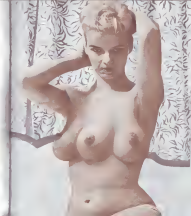

Treasure Chests

By Neil Norman and Arthur Bernard

*We've been taught that in God we must trust,
And obeying each line is a trust;
But this Miss Pitt's leery
Of the gravity theory
For to her Newton's Law is a bust.*

*This pretty young Miss from Twin Cities,
Was fully endowed with three titbits
As Miss Minnesota
She extended her quints
And broke every record to bits.*

*If ever a Bunny desires
To be "stuffed" by a patron she serves,
It's this one, I think
With her chest in a drink
And who-knows-what in a trap of hare d'entrées*

Photo: Eugene Ionesco. Models: Eric General (dress) and Bobi B., New York City

Though she always took excellent care of them,
She just couldn't find hate nor love of them
"This mirror's distorted,"
Miss April reported,
"When I sat down I had a matched pair of them!"

*A talented sculptor named Rader
Cursed his model the mutant he cursed her,
"I don't mean to be rude,
But I asked for a nude,
Not the resurrection of Buddha!"*

*Miss Jane is in need of correction
A trifle above her mid-section
And under her hat
Is another thing that
Has sure lost its sense of direction.*

*This gal whose initials are F T
Had one average-sized and one lefty
Her unbalanced blossoming
Was brought on by rooming
With someone whose nickname is "Lefty."*
